## About FCSA

FCSA has worked closely with member organisations and key stakeholders (HMRC, HMT, BIS, REC, APSCo, CBI, PCG and more) to create a dedicated compliance code to encompass the range of businesses that operate in the service provider sector. These include professional employment businesses (sometimes referred to as umbrella companies) and businesses providing support and accountancy services to small limited companies. Adhering to the compliance code (independently reviewed and tested and with the results disclosed to HMRC) demonstrates that members are acting both professionally and ethically within the UK tax, employment and regulatory laws. Coupled with financial stability tests, the FCSA Compliance Code is a model of self-regulation and proof that professional businesses can take the lead in delivering the highest levels of industry standards.
